-

WORK EXPERIENCE

INFOSYS – Melbourne Feb 2022 – Aug 2023
Technology Associate
Infosys is a multinational company providing business consulting, information technology, and outsourcing services.

PACE Project (Test Engineer) - Services Australia Apr - Aug 2022

- Identified and reported bugs, errors, and glitches to development teams.
- Collaborated with QA Engineers and project stakeholders to develop strategies and test plans.
- Wrote and executed 80+ test cases, analyzing and documenting results.

CDR Project (Quality Engineer) – Energy Australia Oct 2022 - May 2023

- Collaborated with other QA Engineers and Project Stakeholders to write test cases.
- Wrote and executed 100+ test cases, analyzing and documenting results.
- Developed and implemented a Selenium Test Automation Framework using Java for UI Testing.
- Created 100+ automated tests using Typescript and Node.js Testing Framework for API Testing.
- Wrote custom SQL queries to find data to execute test cases.
- Reworked Automated Testing Framework, reducing total test execution time by 50%.

ANATTA Limited (Trading as Passkit) - Hong Kong Jul – Sep 2021
Front End Developer Intern (Remote)
Passkit is a small company based in Hong Kong that offers its customers the ability to instantly integrate, design, and build their own Apple Wallet and Google Pay Passes.

- Updated/Created several components as part of Passkit's UI Update. Built Components based on given wireframes and Figma designs using React, TypeScript, and Material UI.
- Worked remotely within an agile team located across several countries, helping prioritize and scope feature requests, ensuring features with the most impact were worked on first.
- Designed and implemented Unit and Integration Tests to test created components.

Math's Tutor (Volunteer)

A volunteer peer mentoring/tutoring program

- Coached more than 15+ students on course-related problems.
- Developed students' time management and study skills by creating tailored study plans.
- Counseled students individually and in group sessions to help promote personal and educational motivation.
- Worked with several students speaking English as a second language, supporting individual progress despite barriers.
